ProSlide 10
Wardrobe Sliding Door System

Maximum Door Panel Weight of 50kg.	Featuring High Quality Components
Adjustable Sliding Solution	Full Technical Support
	Hassle Free Door Solution
	Suitable for Inset Doors

ProSlide 10 is a complete sliding door system including tracks, fittings and aluminium profiles designed for 10mm centre panels. This system is bottom rolling and guided at the top, which is perfect where large light weight doors are required.

ProSlide 10 is a double track, bypassing system enabling multiple doors to slide behind each other.
