Wardrobe sliding system

kg

Maximum door panel weight of 60kg

Top hung

Full technical support

Adjustable sliding solution

Soft-open & soft-close included

Smooth gliding action when operating

Runners Lifetime warranty*

Suitable for inset doors

The Apartmento bottom rolling sliding system is designed for large and small wardrobe doors, weighing up to 60kg.

With its smooth gliding action and soft-close and open feature, it is suitable for high quality bespoke projects and for volume production. Ideal for built-in applications. Apartmento is a double track, bypassing system enabling multiple doors to slide behind each other.
